1. Getting started

What is Solutions4Society?

Solutions4Society (S4S) is accounting and management software made for co-operative housing societies in Maharashtra. It keeps the books (receipts, payments, journals), makes maintenance bills with interest, imports bank statements, prints every register and final account, and gives members, committee and security staff their own apps.

It runs in the browser on any PC, laptop or phone (Chrome, Edge, Safari). Open **sas.shreedeepsolutions.com**. Nothing needs to be installed, but you can install it like an app: in Chrome press the install icon in the address bar (PC) or ⋮ → *Add to Home screen* (phone).

Your data is saved online the moment you press Save. The top bar shows ✔ **Saved** and ● **Live**. If the internet drops, keep working — entries are kept on the device and sent as soon as the connection comes back.

Signing in and choosing a role

Sign in with Google or with your email and password. The firm (or the society admin) must first add your email in **Team & Access**.

If your email has more than one role, “Who are you today?” lists them: Accounts, Committee, Member, Security, Vendor. Open one here, or ↗ in a new tab — every tab keeps its own role. ⇄ **Switch** in the top bar brings the list back. A coloured line at the top of the screen shows which role you are in.

Accountants of the firm first see **All Societies**. Click a society to open it. The society name, the financial year (e.g. **FY 2025-26**) and the role are always shown at the top. Click the year to change it.

Finding your way around

Menu (left side on PC, ☰ on phones): Home, Entries, Billing, Banking, Members & Registers, Accounts & Reports, Office & Settings. Some screens have tabs at the top (for example Receipt · Payment).

🔍 **Search (Ctrl+K):** type a flat number, member name, voucher number, amount or screen name and press Enter.

⬆ **Upload:** drop any file — bank statement, member list, bill photos, MAXX or Tally data. S4S works out what it is and opens the right screen. You can also drag a file anywhere onto the window.

Buttons at the top right of each screen: the main buttons for that screen. Less-used ones are inside ⋯ **More**.

🔔 **Bell:** things that need attention (approvals, cheques to deposit, reminders). 🌙 switches dark mode.

Right-click a row (PC) to edit the entry or bill, or open the ledger. Shift + right-click gives the normal browser menu.

Using S4S on a phone

The bottom bar has the most-used screens. The phone Back button moves to the previous screen (and closes an open window first). Press Back twice on the home screen to leave.

Pull down at the top of a screen to refresh it. Long-press an amount to copy it. Tap a mobile number in a table to call.

▤ **Cards** shows a long table as cards that fit the phone. 📤 **Share picture** sends a report as an image on WhatsApp.

Amount boxes open the number keypad and accept sums like **2500*3** or **1200+450** — the result is filled in when you leave the box. While you type, the Save button stays visible above the keyboard.

✨ AI in S4S

Every screen has a ✨ **AI** button: *Explain this screen*, *Check for mistakes*, *Committee summary (English + मराठी)*, *Draft a letter* and *Ask anything*.

AI also reads cheque photos, bills, bank statements, passbook photos, FD receipts, old registers and member lists, and sorts bank statement lines into heads.

Privacy: member names, mobile numbers and emails are hidden from the AI by default (**Settings → 🔒 AI privacy**). AI answers can be wrong — always look before you save.

Getting help inside the app

❓ on any screen explains it in English and मराठी. **Settings → 📘 User manual** opens this guide.

The guided tour (Help → Tour) walks you through the main screens for your role.

Made a mistake? **↶ History** (Ctrl+Shift+Z) undoes any of your last 20 saved entries. Every change is also kept in the **Audit Trail**.

2. Your monthly routine

1. **Start of the month**
   - Billing → Bills → ⚡ **Generate Bills** for the period (monthly, bi-monthly or quarterly). Check the totals, then print, email or share them.
   - Members who receive a printed bill can scan the **My account** QR to see their own ledger.
2. **Every day / as money comes in**
   - Entries → Receipt (F6) for each payment, or Bulk Receipts for many flats at once.
   - Cheques: Banking → Cheque Deposit → pay-in slip → ✓ Mark deposited.
   - Payments (F5) for every expense, with TDS where it applies.
3. **When the bank statement arrives**
   - Banking → Statement upload → choose the bank → upload the bank's Excel / PDF or read it with AI.
   - Check the 🗂 **Sort heads** step (new heads are created for you), then post. Entries already in the books are skipped.
   - Banking → Bank Reconciliation to tick what is still pending and print the BRS.
4. **Follow-up**
   - Billing → Dues / Outstanding → reminders by letter, email or WhatsApp; waive interest only with a reason.
5. **Month end**
   - Dashboard → Month close card. Year-End → Health check shows mistakes and how to fix them. Print the reports the committee wants.
6. **Year end**
   - Year-End → Checklist → Close & locks → Notes to accounts → Complete Books (one PDF for the auditor) → Form O after the audit.

3. Buttons on every screen

❓ / ❓ **What is this screen?**	Explains the screen you are on, in English and मराठी.
✨ **AI**	Explain this screen, check it for mistakes, write a committee summary in English and मराठी, draft a letter from it, or ask any question about it. Names, mobiles and emails are hidden from the AI unless you allow them in Settings → 🔒 AI privacy.
⬇ **Export**	One menu for all downloads of this screen: Excel (with formulas), Excel exactly as on screen, CSV, PDF, मराठी / हिंदी prints and Copy table.
📥 **Excel (as on screen)**	Downloads the table exactly as you see it, with your filters. (Inside ⬇ Export where that button exists.)
📋 **Copy table**	Copies the table so you can paste it straight into Excel or WhatsApp (Ctrl+Shift+C).
🖨 **Print**	Prints the screen on the society letterhead, or saves it as PDF (choose "Save as PDF" as the printer).
🖼 **Picture** / 📤 **Share picture**	Saves the table as a picture (PNG). On a phone it opens the share menu so you can send it on WhatsApp.
↶ **History**	Shows your last 20 saved entries; undo any of them (Ctrl+Shift+Z).
▤ **Cards (phone)**	Shows the table as cards that fit the phone screen. Tap again for the table.
⋯ **More**	Holds the less-used buttons of the screen.

4. Home

Dashboard and the set-up wizard.

🏠 Dashboard

Your home screen: quick buttons for everyday work, today's summary and alerts.

मुख्य पान: रोजच्या कामाची बटणे, आजचा सारांश आणि सूचना.

STEP BY STEP

1. Open S4S and choose the society — the Dashboard opens first.
2. Use the quick buttons (Receipt, Payment, Bank statement, Bills, Day Book...) for everyday work; the small numbers under them show today's count.
3. Read the 🔔 **Attention** card — each line is a link to the screen where it can be fixed.
4. The 🗓 **Month close** card shows what is left for the month (bank statement, BRS, bills).
5. 📊 **Billed vs collected** compares bills and collections month by month. 🕘 **What changed today** lists today's entries by everyone.
6. On a phone, four key numbers are shown on top: collected this month, members owe, bank and cash.

BUTTONS ON THIS SCREEN

📸 **Snapshot**	One page: cash, banks, dues, reconciliation, bills, checks
💬 **Ask the books**	Ask a question about the accounts
⇄ **Switch · Accounts**	Switch role / open another role in a new tab
📘 **Manual**	This user manual.

🧭 Setup Wizard

STEP BY STEP

1. Use this once for a new society. Follow the cards from top to bottom: society details → members → billing heads and charges → opening balances → bank accounts.
2. Each card opens the right screen; come back here and the card turns green when done.

5. Entries

Receipts, payments, journals, bulk entry, notes, vendor bills, cheques.

📥 Receipt · Payment › 📥 Receipt

Record money received — pick the member (or type the flat number), the amount fills in by itself. Enter moves to the next box and saves at the end. Picking a cash or bank account here (e.g. cash withdrawn from bank) saves it as a contra entry automatically.

मिळालेली रक्कम नोंदवा — सभासद निवडा (किंवा फ्लॅट नंबर टाइप करा), रक्कम आपोआप भरली जाते. Enter दाबल्यावर पुढच्या बॉक्सवर जाते आणि शेवटी सेव्ह होते.

STEP BY STEP

1. Press **F6** (or open Entries → Receipt).
2. Check the **Date** and **Received in** (cash or which bank).
3. In **Received from** type the flat number or name and pick the member — the amount due fills in by itself.
4. Change the **Amount** if needed. Choose the **Mode**; for a cheque fill Cheque No., Cheque date and Drawn on bank.
5. Press Enter through the boxes — the last Enter saves. The receipt number is given automatically and the receipt can be printed or sent.
6. Cash taken out of the bank? Pick the bank in “Received from” — it is saved as a contra entry automatically.

BUTTONS ON THIS SCREEN

✂ **Split**	One cheque / payment for several flats
🖨 **Print in bulk**	Print many receipts / vouchers at once.
🏢 **Multi-flat receipt**	One receipt that covers several flats (e.g. one cheque for two flats).
🏦 **Cheque deposit**	Cheques received — list for the deposit slip
📷 **Cheque**	Photo of a cheque → receipt filled in
📸 **Screenshots**	UPI / bank payment screenshots → receipts awaiting bank confirmation
🎤 **Say: Received 3500 from A 101 by UPI**	Say: Received 3500 from A 101 by UPI
📋	Copy this table — paste into Excel (Ctrl+Shift+C)
◫ **Bank book**	Show the cash / bank book beside the form

📤 Receipt · Payment › 📤 Payment

Record money paid out — pick the expense head, amount, mode and cheque number. F8 gives ready narrations. To deposit cash or move money between banks, pick the bank/cash account as the account — it is saved as a contra entry.

दिलेली रक्कम नोंदवा — खर्चाचा हेड, रक्कम, पद्धत आणि चेक नंबर निवडा. F8 ने तयार नॅरेशन मिळते.

STEP BY STEP

1. Press **F5** (or Entries → Payment).
2. Choose **Paid from** (cash / bank), then **Paid to** — the expense head or vendor.
3. Enter the **Amount**, **Mode** and cheque / UTR number. Press **F8** for a ready narration.
4. If TDS applies, tick **Deduct TDS**, choose the section — the TDS amount, party name and PAN fill in; the bank amount is reduced automatically.
5. Save (Enter at the end or Ctrl+S). To put cash into the bank, pick the bank as "Paid to" — it becomes a contra entry.

BUTTONS ON THIS SCREEN

✂ **Split**	One payment over several heads, with TDS
👛 **Petty cash**	Small cash payments with a petty cash book.
🖨 **Print in bulk**	Print many receipts / vouchers at once.
📷 **Bill**	Photo / PDF of the bill → payment filled in
🎤 **Say: Paid 4500 to MSEB electricity by NEFT**	Say: Paid 4500 to MSEB electricity by NEFT
🏦 **Bank charges + GST**	e.g. ₹118 = charges 100 + GST 18
◫ **Bank book**	Show the cash / bank book beside the form

🔁 Journal

Adjustments that are not cash or bank — e.g. waiving interest, correcting a head, year-end entries.

कॅश किंवा बँक नसलेल्या दुरुस्त्या — उदा. व्याज माफ करणे, हेड बदलणे, वर्षअखेरीच्या नोंदी.

STEP BY STEP

1. Use for adjustments without cash or bank: waiving interest, correcting a head, provisions, year-end entries.
2. Enter the date and narration, then add debit and credit lines (head or member) until the totals match.
3. Save. The journal number is given automatically.

📒 Day Book

Every entry in date order. Click an entry to open it; use the filters to narrow down.

सर्व नोंदी तारखेनुसार. नोंद उघडण्यासाठी त्यावर क्लिक करा; फिल्टर वापरून शोधा.

STEP BY STEP

1. Every entry in date order. Use the filters (date, type, head, amount) to narrow down.
2. Click an entry to open it; edit, print or delete from there (or right-click a row).
3. ✏ **Bulk change**: tick many entries and change their date, head or narration together. 🔁 **Find & replace narration** fixes a word in many narrations at once.
4. 🖨 **Print vouchers in bulk** prints the ticked or filtered vouchers.

BUTTONS ON THIS SCREEN

🖨 **Print vouchers in bulk**	Print the filtered vouchers.
✏ **Bulk change**	Change date, head or narration of many entries at once.
🔁 **Find & replace narration**	Change a word in many narrations at once.

⚡ Bulk Receipts

Enter many members' receipts at once — the due amount fills in automatically.

अनेक सभासदांच्या पावत्या एकाच वेळी — थकबाकी आपोआप भरली जाते.

STEP BY STEP

1. Choose **Deposited into**, the default date and mode.
2. Every member is listed with the amount due. Type the amount received against each flat (leave others blank).
3. Or: 📄 **Download template** → fill in Excel → 📥 **Import filled template**; or 📋 **Paste from Excel**.
4. Photos: 📷 **Collect cheques** (front and back of each cheque) or 📷 **Receipt book photo** — AI fills the rows.
5. Check the rows and press Save — one receipt per member is made.

BUTTONS ON THIS SCREEN

📄 **Download template**	Excel template to fill many entries.
📥 **Import filled template**	Import the filled template.
📋 **Paste from Excel**	Paste receipts copied from Excel.
📷 **Collect cheques**	Photos of cheques → receipts awaiting clearing → deposit slip.

Enter many payments at once.

अनेक पेमेंट एकाच वेळी नोंदवा.

STEP BY STEP

1. Choose **Paid from**, default date and mode.
2. Add one row per payment (head, amount, cheque no., narration) — or download the template, fill it and import it.
3. Check and Save — one payment voucher per row.

BUTTONS ON THIS SCREEN

📄 **Download template**	Excel template to fill many entries.
📥 **Import filled template**	Import the filled template.

📝 Credit / Debit Notes

STEP BY STEP

1. ➖ **Credit note** reduces what a member owes (e.g. excess charge, rebate). ➕ **Debit note** adds a charge outside the bill (e.g. repair done for one flat).
2. Pick the member, head, amount and reason; save. It shows in the member ledger and dues.

BUTTONS ON THIS SCREEN

➖ **Credit note**	Reduce what a member owes.
➕ **Debit note**	Add a charge to a member outside the bill.

🧾 Vendor Bills

STEP BY STEP

1. Record a supplier's bill when it is received (before paying): **+ Vendor bill** → vendor, bill no., date, head, amount, GST / TDS.
2. The vendor-wise table shows what is unpaid and how old it is.
3. When you pay, choose the vendor in Payment — the bill is marked paid. 📥 **Invoices from vendors** shows bills sent by vendors from their link.

BUTTONS ON THIS SCREEN

+ Vendor bill	Record a bill received from a vendor.
📥 **Excel**	Download as Excel.
🖨 **Print**	Print / save as PDF.
🏢 **Vendor master**	Open the vendor list.
📥 **Invoices from vendors**	Bills sent by vendors from their link.

- Check gate-pass codes, record parcels, staff and daily help in / out; 📸 start and end the shift with a selfie.
- ⛔ A red warning appears for blacklisted names, mobiles or vehicles. 🆘 Emergencies flash and ring until someone acknowledges them.

Vendor

- Open the statement link sent by the society: see your bills and payments, and 📤 send a new invoice with a PDF or photo.

Auditor (viewer)

- Read-only access to every report, ledger and register, the audit tools and the Complete Books PDF. Nothing can be changed.

12. Common questions

▼ **I saved an entry by mistake. How do I undo it?**

↶ History (Ctrl+Shift+Z) lists your last 20 entries — undo any of them. Older entries: open the entry from the Day Book and delete or edit it.

▼ **The bank statement has a payee that is not in my heads.**

In the 🗂 Sort heads step choose ➕ New head — it is created for you when you continue. Keep 📌 ticked and it is remembered next time.

▼ **A member says the balance is wrong.**

Open Member Ledger → ❓ Why this balance. It shows how the balance is made up: opening balance, bills, supplementary bills, interest, receipts and adjustments. Send the 🔗 Share link so the member sees the same ledger.

▼ **Bills show the wrong charge for one flat.**

Billing Setup → change the amount for that flat → open the bill and edit it (or re-run the bills for that period).

▼ **Can I work without internet?**

Yes, for a short time. Entries are kept on the device and sent when the connection comes back. Do not clear the browser data while offline.

▼ **The screen looks old after an update.**

Press Ctrl+F5 on a PC, or close and open the app again on a phone.
